No. 12.

Field Operations.

No. 3218-B., Dated Simla, the 5th November, 1891.

From - Major General F.H.H. COLIEN, Secretary to the Government of India, Military Department.

To - The Quarter-Master General in India.

I am desirous to forward, for the information of the commander-in-Chief, the accompanying memorandum prepared in this Department on the military situation in Eastern India and Burma, and to state that among the questions dealt with therein the following appear to call for settlement :-

Assam and Manipur.

- (1) Completion of the road from the Brahmaputra to the Chindwin.
- (2) Question of the distribution of the troops in Assam and Manipur.
- (3) Development of volunteers in Assam. Lushai Land.
- (4) Question of locating any troops in this part of the country.
- (5) The position between fort Tregear and Haka.
- (6) Withdrawal of the Surma Valley Police Battalion from the Cachar and Sylhet Districts to the Northern Lushai Hills.
- (7) Question of increasing the Assam frontier police.
- (8) Occasional march of troops through the Lushai Country.
- (9) Necessity for the construction of roads and paths in Lushai Land.
- (10) Question whether any remedy should be applied in order to obviate the disadvantage of Lushai Land and the Chin Hills falling under three separate civil administrations and three separate military commands.

2. It has been suggested that, if opportunity presents itself, these questions and any others requiring settlement might be advantageously discussed in Calcutta during the coming cold season at a conference of the Lieutenant Governor of Bengal, the Chief Commissioner of Assam, the Commissioner of Chittagong, and the General Officer Commanding the Presidency District, and

I am to say that steps will be taken to enquire if the various authorities concerned are of opinion that this course of action would facilitate decision on these questions.

No. 13.

Field Operations,

Memo No. 3220 -B., dated ~~part~~ ~~william~~, the 6th Nov. 1891.

From -The Secretary to the Government of India, Military Department.

To -The Home Department.

The undersigned is directed to transmit, for consideration in the Home Department, a memorandum prepared in this Department on the military situation in Eastern India and Burma, together with a copy of a letter addressed to the Quartermaster - General

No. 3218 - B., dated the
5th November, 1891.

in India, detailing questions
which appear to call for settle-
ment, and adverting to the

advantages that might be derived from a discussion of these and other questions, in Calcutta ~~from~~ during the approaching cold season, at a Conference of the Lieutenant-Governor of Bengal, the Chief Commissioner of Assam, the Commissioner of Chittagong and the General officer Commanding the presidency District.

2. The undersigned is to enquire whether the Home Department is of opinion that this course would facilitate decision on the questions referred to.

3. If the Home Department concur in the advisability of holding the proposed Conference, the Lieutenant Governor of Bengal and the Chief Commissioner of Assam will be addressed on the Subject.

No. 14.

Memo., No. 1832, dated Calcutta the 14th Nov. 1891.

From - The Secretary to the Government of India,
Home Department.

To - The Military Department.

In reply to the office memorandum from the military Department, No. 3220-B., dated the 6th instant, the undersigned is directed to say that the Home Department concurs in the proposal to hold a conference in Calcutta during the ensuing cold season at which the Lieutenant-Governor of Bengal, the Chief Commissioner of Assam, the Commissioner of Chittagong and the General officer Commanding the presidency District should be present to discuss certain questions connected with the military situation in Eastern India and Burma.

No. 29.

Special and Miscellaneous.

No. 248-8, dated Forth William, the 21st. January 1892.

From- MAJOR GENERAL F.E.H. COLEW.

Secretary to the Government of India,
Military Department.

To. - The Chief Secretary to the Government of Bengal.

I am directed to inform you that the Government General in Council has decided that the Conference shall be held in Calcutta on or about 25th instant, to discuss civil and Military affairs connected with the control of the Lushai and Chin Hills.

2. The Conference will consist of the following :-

The Hon'ble the Lieutenant-Governor of Bengal.

His Excellency the Commander-in-Chief, Madras.

The Chief Commissioner of Burma.

The Chief Commissioner of Assam.

The Secretary to the Government of India,

Foreign Department.

The Secretary to the Government of India,

Military Department.

The Quarter-Master-General in India.

3. The Government of India, I am to say, have no desire that the scope of the enquiry and discussion should be closely limited; they would wish that a free inter-change of opinion should take place among the members of conference, in respect to the extent of the inconvenience arising from the present condition of things under which the Chin-Lushai country is dealt with by the three civil administrations and three Military commands.

4. It will probably be desirable to ascertain at the outset of the enquiry whether the practical inconvenience of the present system of administration is as great as has been represented, whether it is desirable to make a change and what remedied would be practicable. Assuming that a change is desirable, it would be for the conference to point out the tribes which could be conveniently place under one control, and the administration to which they should be transferred, unless it were to appear preferable that a separate administration should be formed for their Government. Upon-

the recommendations to be made on this question, many others will depend; and it will be probably be necessary to decide whether they should be one Chief of civil administration and one military commander, or whether the two duties should be combined in one man; what civil staff should be employed; the number of districts into which the tract with which may be found practicable to deal should be divided; the boundaries and headquarters of the central authority, the limit of the control of the military commanding officer, and the force which should be at his disposal; the strength, organisation, and distribution of the police force, and its relation to the military force; the arrangements to be made for commissariat and transport; and the kind of taxes or service which should be imposed on the people of the country to be administered.

5. There would also be other questions with the Conference may desire to consider, such as the strength of the garrison at Manipur with reference to its relations with the hill tribes; the completion of communications between India and Burma via Manipur, as well as through the Chin-Lushai Hills, the strength of the garrison of Assam in its relation to Lushai; and the construction of roads in Lushai land and the Chin Hills.

6. In conclusion, I am to say that it is not supposed that the conference will be able to dispose finally of all these problems, but the Governor-General-in-Council trusts that they may be able to lay down that the outlines of the policy to be followed. A conclusion might thus be arrived at on the main points without any very protracted discussion; and if this were approved, the details could be worked out and elaborated by the local officials.

Copy of the foregoing forwarded, with the remark that the first meeting of the Conference will take place at 12 O'clock (noon) on Monday, the 25th January 1892, at the Military Department, 6, Esplanade East, to -

The Hon'ble Sir Charles Alfred Elliott, K.C.S.I.
His Excellency Lieutenant-General the Hon'ble Sir
J.C.Dormer, K.C.B.

Sir Alexander Mackenzie, K.C.S.I.

W.E. Ward, Esq., C.S.I.

Sir Henry Mortimer Durand, K.C.I.C., C.S.I.

Major-General C.F.H. Collen, C.I.C.

Major-General Sir James Browne, K.C.S.I., C.B., R.E.

No. 30.

Special and Miscellaneous.

Office Memo. No. 738-B., date Fort William
the 25th February 1892.

From - The Offg. Deputy Secretary to the Govern-
ment of India, Military Department,

To - The Foreign Department.

With reference to the correspondence ending with Military Department letter No. 246-B., dated the 21st January 1892, the undersigned is directed to transfer to the foreign Department, for consideration, in communication with the Home Department, the papers marginally noted, being the proceedings of the Conference recently assembled at Calcutta for the discussion of various questions connected with the administration of the Chin-Lushai Country.

2. A copy of despatch from Her Majesty's Secretary of State for India on this subject and of the reply thereto is also forwarded.

No. 399, dated the 24th December 1891. No. 26th dated the 24th February 1892.

No. 31.

Chin-Lushai Conference.

No. 4.

FROM

THE SECRETARY, CHIN-LUSHAI CONFERENCE,

TO

THE SECRETARY TO THE GOVERNMENT OF INDIA
MILITARY DEPARTMENT.

Fort William, the 29th January 1892.

Sir,

I am directed to inform you that in accordance with the orders of the Governor-General-in-Council conveyed in the Government of India letter in Military Department No. 248-B., of 21st January 1892, the following members of the Conference assembled in Calcutta on 25th instant to discuss civil and Military affairs connected with the control of the Chin and Lushai Land:-

The Hon'ble Sir Charles Alfred Elliott, K.C.S.I.,
Lieutenant-Governor of Bengal.

His Excellency Lieutenant-General the Hon'ble Sir
J.C.Dormer, K.C.B., Commander-in-Chief, Madras.

Sir Alexander Mackenzie, K.C.S.I.,
Chief Commissioner of Burma.

W.E.Ward, Esq., C.S.I.,
Chief Commissioner of Assam.

Sir Henry Mortimer Durand, K.C.I.E., K.S.I.,
Secretary to the Government of India,
Foreign Department.

Major-General E.H.H.Collen, C.I.E.,
Secretary to the Government of India.
Military Department.

Major-General Sir James Browne, K.C.S.I., C.B., R.E.,
Quartermaster-General in India.

2. I am directed to forward herewith certain resolutions passed by the members of the Conference, bearing on the present condition of things under which the Chin-Lushai country is dealt with by three different administrations, and suggesting certain changes in the administration of the

tract, with a list of replies to the various points raised for discussion in para. 4 of the Government of India letter above mentioned .

3. I am also to submit a minute laid before the Conference by Shri Alexander Mackenzie with a note from Sir Charles Elliott relating to so much of the minute as deals with the question of the practical inconvenience resulting from divided administration, and a rejoinder thereto from Sir Alexander Mackenzie.

I am,

Sir,

Your most obedient Servant,

(Signed) H.W.G.COLE,

Secretary, Chin-Lushai Conference

No. 32.

Chin-Lushai Conference.

No. 3.

Fort William, the 29th January 1892.

At the final meeting of the Chin-Lushai Conference held at Fort William, on 29th January 1892.

PRESENT:

The Hon'ble Sir Charles Alfred Elliott, K.C.S.I.,
Lieutenant-Governor of Bengal.

His Excellency Lieutenant-General the Hon'ble Sir
J.C.Dormer, K.C.B., Commander-in-Chief, Madras.

Sir Alexander Mackenzie, K.C.S.I.,
Chief Commissioner of Burma.

W.E.Ward, Esq. C.S.I.,
Chief Commissioner of Assam.

Sir Henry Mortimer Durand, K.C.I.E., C.S.I.,
Secretary to the Government of India,
Foreign Department.

Major-General E.H.H. Collan, C.I.E.,
Secretary to the Government of India,
Military Department.

Major-General Sir James Browne, K.C.S.I., C.B., R.E.,
Quartermaster-General in India.

The following Resolutions were passed:-

1. The majority of the Conference are of opinion that it is very desirable that the whole tract of country known as the Chin-Lishai should be brought under one administrative head as soon as can be done. They also consider it advisable that the new administration should be subordinate to the Chief Commissioner of Assam. Sir Dornier and Sir Alexander Mackenzie would defer any final decision as regards the eastern part of the tract till further information is obtained.

2. The conference is not prepared to assert that this step can be taken immediately. As matters now stand, the difficulties of communication, of supplies, and of transport are very serious, and it will in any case be necessary to suspend action until after the close of the present cold season's operations in the Chin and Lushai Hills.

3. The first thing to be done for the control of this tract is to improve the communications between the important places such as Cachar and Aijal, Aijal and Lungleh, Aijal and Manipur, and the post situated respectively on the eastern and western side of the tract. The opening out these lines is a work of pressing importance. The commissariat staff should also be provided to arrange for transport and supplies, till the tract is able to provide them for itself.

4. The Conference is of opinion that the boundaries of the new administrative area should be generally speaking the boundaries of the tract occupied by the savages newly brought under British control, but the details of these boundaries can only be settled after consultation with local officers.

5. The conference is agreed that North and South Lushai, with such portion of the Arracan Hill tracts as may hereafter be determined, should be placed under Assam at once on condition that -

- (1) Complete transport and commissariat equipment for supplies from Chittagong to South Lushai, and from Cachar to North Lushai, are provided.
- (2) Funds are granted for road and telegraph from Aijal to Lungluh.

(Signed) C.A.ELLIOTT.

QUESTIONS RISED IN MILITARY DEPARTMENT LETTER NO.248-J.,
DATED THE 21ST JANUARY 1892, FOR MEMBERS OF THE CHIN-
LUSHAI CONFERENCE TO CONSIDER, AND THEIR REPLIES.

Question (1).- Whether the practical inconvenience of the present system of administration is as great as has been represented, and whether it is desirable to make a change, and what remedies would be practicable?

Reply .- The majority of the members of the Conference are agreed that the practical inconvenience of the present system of administration is as great as has been represented. Sir James Dornier does not concur in the above opinion as far as regards military matters. Sir Alexander Mackenzie hold by the opinions set forth in his minutes, a copy of which is attached to these proceedings.

The Conference is of opinion that it is desirable to make a change in the present system of administration. The most practicable remedies are dealt with in the answers to the questions which follows and in resolutions 1, 3, and 5.

Question (2).- Assuming that a change is desirable, will the Committee point out the tribes which could be conveniently placed one control, and the administration to which they should be transferred, unless it is considered preferable that a separate administration should be formed for their Government?

Reply .- For the answer to this question see Resolution 1 and 4.

Question (3).- Whether there should be one Chief of the civil administration and one military Commander, or whether the two duties should be combined in one man?

Reply .- The Conference considers that there should be one civil Officer in Chief control, the military authorities acting on his requisition. It does not advocate that the two duties of Chief of civil administration and of the military commander should be combined in one man.

Question (4). - What civil staff should be employed?

Reply .- The Conference is of opinion that, if the Chin Hills are left with Burma, nothing more is wanted for North and South Lushai than a political Officer with head quarters divided between Fort Aijal and Lungleh and an Assistant Political Officer at each of these posts subordinate to the Political Officer.

If the Chin-Lushai Hills are combined in one administrative area there should be one administrator, called (say) the Commissioner of the Chin-Lushai Hill Tracts. The whole tract should be divided into districts or political agencies, immediately subordinate to the Commissioner.

In this case probably for districts or agencies would be necessary in the first instance, say - (1, North Lushai (Fort Aijal) (2) South Lushai (Lungleh) (3, North Chin (Fort White), (4, South Chin (Haka). As communications improve, these four districts might be reduced to two districts with two sub-divisions.

Question (5). - The number of districts into which the tract, with which it may be found practicable to deal, should be divided?

Reply .- This question has been answered in the reply to no. 4.

Question (6). - The boundaries and headquarters of the civil authority.

Reply .- As to boundaries see Resolution 4. The Conference considers that it would be premature to settle the headquarters at present.

Question (7). - The limit of the control of the military Commanding Officer and the force which should be at his disposal.

Reply .- The Conference is of opinion that no separate military Commanding Officer for the whole tract should be appointed unless the higher military authorities deem it necessary. As regard the force, it considers that at present should be three Regiments located in the western hills

to be reduced hereafter if military police battalion are raised in these hills. In addition to this it would be desirable that two pioneer regiments with four companies of sappers should be attached to assist in the construction and improvement of communications; the whole military police force to be under the General Officer Commanding North eastern Frontier District. No military force is needed in the western hills, where there are already military police, with the exception of a regiment of pioneers and two companies of sappers.

Question (8).- The strength, organisation, and distribution of police force in relation to the military force.

Reply .- The Conference is of opinion that the headquarters of each district or political Agency should have a military police Battalion under a commandant and Assistant Commandant or 2nd-in-Command, who would be under the orders of the district or political Officer. Four Police Battalions, two for the Lushai and two for the Chin tracts, would appear necessary. Commandant of military police should be immediately subordinate to the district or political Officer. Periodical inspections of the police Battalions as purely military efficiency, equipment, training, &c. to be made, should the Commissioner desire it, by the military Commanding Officers, who would report direct on these matters to the Commissioner, sending a copy of the report to the General Officer Commanding North Eastern Frontier for information. Every effort should be made to raise the police Battalions from indigenous matter such as Manipuris, Lushais, Kukis, &c.

Question (9).- The arrangements to be made for the Commissariat and transport.

Reply .- The Conference is of opinion that the necessary Commissariat staff should be provided to arrange for the transport and supplies till the tract is able to provide them for itself; also that complete transport and Commissariat equipment for supplies from Chittagong to South Lushai, and from Cachar to North Lushai, should be provided at once. The Conference is of opinion that further details should be suggested and discussed by local Officers.

Question (10).- The kind of taxes or service which should be imposed on the people of the country to be administered.

Reply .- The members of the Conference are of opinion that taxation should be imposed which should be paid by everybody and should be systematic. The taxation may vary according to local custom and necessities, but must include house tax. The tax should be generally paid through Chiefs or villagees, who will be responsible for collection, and will receive commission.

Question (11).- Strength of the garrison at Manipur, with reference to its relations with the hill tribes.

Reply .- The conference does not for the present recommend any reduction in the garrison of Manipur.

Question (12).- The completion of communications between India and Burma via Manipur, as well as through the Chin-Lushai Hills.

Reply .- The Conference considers that every effort should be made to complete communication between -

- (1).- Forth Tregear, Haka, and Burma.
- (2).- Haka and Forth White.
- (3).- Forth White and Manipur.
- (4).- Forth White and Burma.
- (5).- Forth Aijal and Lungleh.
- (6).- Forth Aijal and Manipur.
- (7).- Forth Tregear and Falam.
- (8).- Haka and the Saungshe Country.

The conference understands that cart-road to Manipur will in probability be completed next cold weather, and that it has already been decided that this road should be carried on the Tamu and Pandat or Yazagyo.

Question (13).- The strength of the garrison of Assam in its relation to Lushai.

Reply .- The Conference has no remarks to make on this question.

Question (14).- The construction of roads in Lushai Land and the Chin Hills.

Reply .- This question has been replied under no. 12.

Question (15).- Any other questions which members of the Conference might consider it desirable to discuss in connection with Chin -Lushai affairs.

Reply .- The conference thinks that the transfer of the south Lushai Hills with its avenue of access through Chittagong leads to the suggestion that the Chittagong Division be transferred to Assam. An additional argument in favour of this suggestion is that the projected Assam Chittagong Railway will then be entirely in the Assam Jurisdiction.

(Signed) C.A. ELLIOTT.

(") J.C. DOPIER, Lieut. - Genl.

(") A. MACINTYRE.

(") W.E. WELCH.

(") H.M. DURAND.

(") E.H.H. COLIEN.

(") JAMES BROWNE, Maj. - Genl.

Note by the Quartermaster General in India.

I have signed the above replies so as not to delay the case, but I would remark that there is some mistake in the reply question No. 7, which as far as supplies and pioneers are concerned in no sense express my opinion. The utmost that the military authorities can give would be the equivalent of one regiment of pioneers and of two companies for the whole of the Chin-Lushai tracts.

(Signed) JAMES BROWNE, Maj. - Genl.

No. 38.

No. 199 (Military), dated India Office, London,
the 24th December 1891, -9956.,

From : The Secretary of State for India,

To : The Government of India.

I have considered in Council Your Excellency's Military despatch dated 14th October 1891, No. 208, Supplying information in reference to the present occupation of the Chin-Lushai country, and stating that the question of the permanent garrison will be postponed until the end of ensuing cold weather when you will be in a better position to form an opinion as to the requirements of the case.

2. As regard the Northern Lushai Hills you are of opinion that it is not desirable to employ regular troops to garrison unhealthy districts requiring numerous small detachments, but that it is preferable to concentrate them in central and generally healthy position, leaving all detachment duties and the suppression of minor disturbances to the police. In this view I fully concur.

3. Assuming that it may be necessary to occupy the Lushai Hills permanently, I would invite Your Lordship's attention to the possibility of simplifying the administration of this territory. At present it is occupied and administered partly by Assam, Partly by Bengal, and partly by Burma, there thus being three different Governments with three separate police and military organisations, dealing with the small tract of territory inhabited by ^{homogeneous} tribes. I would suggest for the consideration of your Government that, after further experience, it may be found practicable to have only one administration and one Military police Battalion for the whole tract. So long as the country is occupied by troops, the disadvantages of the present tripartite division of authority may not be very great, but this would certainly be a source of embarrassment when military or civil police take place of the troops.

No. 39.

No.28, dated Fort William, the 24th February 1892.

From - The Government of India, (Military Department),
To - The Secretary of State for India.

We have the honour to acknowledge the receipt of Your Lordship's Military despatch No. 199, dated the 24th December 1891 (M-9958), in paragraph 3 of which attention is drawn to the present tripartite division of authority in the Lushai Hills, and it is suggested that, instead of the present system under which this territory is administered, partly by Assam, partly by Bengal, and partly by Burma, it may be found practicable to have but one administration and one Military police Battalion for the whole tract.

2. In reply, we have to inform Your Lordship that the subject has been receiving our attention, and, in connection therewith, we have the honour to forward a copy of the proceedings of the Conference recently held at Calcutta for the discussion of questions connected with the administration of the Chin-Lushai country. The whole question is now under our consideration, and we shall address Your Lordship again on the subject as soon as a decision has been arrived at.

No. 44.

No. 549-2 C.-1, dated Rangoon, the 26th April 1892.

From - C.G. BAYNE, Esq., C.S.,
Acting Chief Secretary to the Chief
Commissioner of Burma,

To. - The Secretary to the Government of India,
Foreign Department.

The Chief Commissioner thought it desirable to obtain confidentially the opinion of the Political Officers at Haka and Fort White on the suggestion passed at the Chin-Lushai Conference that the whole Chin-Lushai country

should be placed under one administration. I am now directed to submit copies of note by Messrs. Carey and McNabb dealing with the question. Nothing could more clearly show the tribal separation existing between the main body of the central and Northern Chins and the Lushais under Assam than the fact that the tribes on this side have been so far unaffected by and to all appearance are in ignorance of the serious rising now going on to their west.

Hemi tum a border meetingin Chin Hills leh Mizo Districta mite passport ngai love inkalpawh an phalsak chungchang chu a then a zar kan terlang nghal e.

EXTRACT FROM BORDER MEETING BETWEEN D.C.
MIZO DISTRICT AND D.C. NORTHERN CHIN HILLS
DISTRICT HELD AT CHAMPHAI ON THE 1ST AND
2ND MARCH 1955. (No. 6. Relaxation of Passport
Rules- 25 miles limit.)

Under the existing rules, indigenous nationals of the Hill tribes inhabiting area adjacent to the Indo-Burmese frontier and who enter India by land over the said frontier are exempted from the provisions of Rule 3 of the Indian Passport Rules provided that the exemption shall not apply to any such national of the union of Burma who proceeds into India beyond twentyfive miles from the land border. The same rule is applicable to Lushais for movement within the 25 miles limit in Chin Hills.

The Deputy Commissioner, Mizo District mentioned that many Chins are not adhering to this rule, as for the purchase of certain commodities such as rice or paddy, cotton cloth and yarn, brass vessels etc. some Chins go as far as Silchar. But no action has been taken so far against the offenders as the matter was kept pending for discussion at the border meeting. The Deputy Commissioner, Northern Chin Hills agreed that many Chins and Lushais too do not follow the rule as they have to visit their relatives' houses or go beyond the 25 miles limit for purchase of essential commodities. It was therefore suggested by both the Deputy Commissioners that a sort of informal inter District arrangement may be made, whereby persons who have to cross the border and proceed beyond the 25 miles limit for bona-fide purposes are issued passes under the hand and seal of an officer not below the rank of S.D.O. or Asst. to the Deputy Commissioner. A proforma for the pass is enclosed (Appendix II). It was agreed that each pass will cover only one person and the validity will not exceed a period of six months from the date of issue. The validity of the pass can be extended from time to time subject to a maximum of six months at a time. Any person who is found crossing the 25 mile limit and who is not in possession of a valid pass will render himself liable to prosecution. It was agreed that this procedure may be introduced from an agreed date and that wide publicity should be given to this measure in both the District.
